

# TECHNOLOGY BOARD REPORT

FEBRUARY, 2013

---

## Tickets:

- We have closed 141 items since last BOE meeting.

## Highlights of the Month:

- Digital Learning Day –Go to the Carroll County District Web site and click on the quick link **Digital Learning Day** and you will see that each school had participation in that special day. Some of the highlights were the use of our students teaching our students through the new Video Conferencing equipment. The middle school taught some Winn elementary students the art of “cup stacking” and some of the students learned about “Healthy Habits”. On the website there are pictures, videos and some PowerPoint presentations about Pollution.
- Cartmell media center have received 28 new iPad Minis. Joe has set them up and they are ready to go.
- Upcoming events:
  - KYSTE – (March 13-15) We have one teacher from every building attending along with 2 people from technology. Two high school engineers will be attending to help with networking and computer issues.
  - STLP State Competition – (March 28, 2013) Every building will be represented with students from winter judging and live competition.
  - Wiring of ALC and High School in the month of March.
