

Carroll County Alternative Learning Center

Board Report- October 2015

1. Our current enrollment is 22 students- 16 High School- 6 Middle School.
2. Our Students are still devoting 15 minutes a day to reading. They are almost finished with the 2nd book in the series "A Child called it", and will be starting the 3rd book soon.
3. We have a field trip set up for October 23rd. Our school will be participating in the Luther Lockett Outreach Program. This is a program focused on youth who are at risk for behavior concerns or those experiencing behavior issues. It is a program that focuses on educating and influencing them to make positive and productive choices.
4. Every Friday we reward our passing and on target students with an opportunity to do various types of projects. For example, we have partnered with the tech department and they have allowed us to send a few kids over to learn about working with technology. Previously we have offered cooking, graphic design, job application help, and various other groups for those students passing all courses.
5. Team Meetings have been scheduled with all students and parents. We are in the process of holding these meetings to discuss learning and behavioral plans to assist our students in achieving success.
