

**RATIONALE FOR THE HIRING OF AN INSTRUCTIONAL AIDE AT
KATHRYN WINN**

June 21, 2018

Carroll County Special Education Department is seeking approval to hire an instructional aide at Kathryn Winn Primary. This person will be responsible for assisting in a resource classroom. Currently, there are 7-8 student that are coming in and out of this classroom. The students are very high need and requiring a great deal of one on one assistance to be successful. There are students that exhibit volatile behaviors and are prone to harm themselves or others. This requires a higher level of supervision and one on one time, which is leaving the other student with less supervision and instruction. It is for this reason that we feel Kathryn Winn Primary needs another instructional aide.
