

1. We are happy to announce that four of our schools will be training sites for the Kentucky Autism Training Center. Please congratulate the principals from Carroll County Child Development Center Leah Spencer, Kathryn Winn Primary Donna Monroe, Cartmell Elementary Jeanie Rohrer, and Carroll County Middle School, Dana Oak. These principals did the hard work of completing an application to be a training site. Their schools will benefit from monthly visits with consultants from the center. The center provides professional development as well as parent education nights.
2. The Special Education Department will be meeting at the end of the year for future planning. We will have a three-hour training, which will cover current student numbers, behavioral strategies, and learning strategies to improve working memory.
3. The CCHS special education department is planning a three-day summer camp for students. On the agenda is a trip to Toyota Manufacturing Plant, visiting local businesses, and a guest presenter, Annette Jett. Ms. Jett will be working with the students on self-advocacy and future planning.
4. Our new Assistant Special Education Director, Tiffany Weaver, will be joining the board staff June 12. Mrs. Weaver will be starting her duties this summer by working on state reports and preparing student evaluations.
