

Elementary Supervisor of Instruction
Board Report
May 2019

NTI:

The Commissioner has approved the NTI days we submitted for the 2018-2019 school year. We are still waiting to hear back regarding our application for next school year.

Assessment Update:

K Prep assessment materials have been delivered and inventoried for each building. Building Assessment Coordinators are working hard to organize materials, prepare schedules, plan for accommodations and enter information into the database. Assessment will begin in each building on the following dates:

CCMS- May 14

Cartmell- May 15

CCHS/ALC- May 16

Kids Read Now:

We have our elementary students enrolled and our summer reading events for each school are planned. They will receive their bag with 3 books and information about the program at the kick-off event on May 23rd. The next book will be mailed to their houses on July 4th. We are excited to involve our students and parents in helping to prevent summer slide in literacy again this summer.

Summer Enrichment Opportunity:

We are currently planning the summer enrichment opportunity for elementary students that involves educational trips and outdoor adventures to build their background knowledge in a variety of areas. This will take place July 22-August 2 at Cartmell Elementary. Kathryn Winn and Cartmell students will both be able to sign up to attend.

Gifted and Talented Teacher Position:

We are currently accepting applications for the GT teacher position. We are looking forward to having a full time person to focus on servicing the needs of our students.

SBDM Training:

We are starting to explore the different training modules provided by KDE to prepare for the district SBDM council training we will provide in the fall.
