

Elementary Supervisor of Instruction
Board Report
September 2019

Data Review: We had our first look at our K Prep scores on September 11th and received more information on September 19th but they will not be publicly released until later in September. I have been working with Building Assessment Coordinators and principals to review our data for accuracy before the public release. I will be able to share this data with you next month.

Afterschool Program: Since our Lighthouse grant has ended, we are in the process of building our own afterschool program at both of our elementary schools. As of now, we have approximately 60 students attending at Winn and approximately 100 attending at Cartmell. We are excited to be able to offer this service to our families at no charge this year.

SBDM Training: All new and experienced SBDM Council members must have a required number of training hours annually. We will be holding a district training for all of our members on September 23rd and 24th to meet this requirement.
