**August 19, 2020**

**Board Report**

**Notable Progress this Month Relative to Goals on the CSIP:**

1. All Certified positions are hired except ELL just resigned.
2. Current Openings Two Instructional Assistants.
3. MAP Training August 19.
4. Staff completed a day of Kagan Strategy training on how to conduct break out rooms with students and 2 days of intensive Google PD.
5. 6-8 Computer pick up for those who left computers at school. August 20, 9AM-1PM.
6. Computer Roll out in the bus loop for 5<sup>th</sup> Grade August 24<sup>th</sup> 9AM-4PM.
7. Virtual Open House for CCMS via Google Meet. Starts at 4:30 with encore, 5<sup>th</sup> at 5PM, 6<sup>th</sup> grade at 5:30, 7<sup>th</sup> at 6PM and 8<sup>th</sup> at 6:30.

**School Improvement Plan Activities Update**

September – DATA ANALYSIS: We have been deciphering K-Prep Data waiting for the official release date to share with staff. We have also been analyzing the first STAR scores for reading and math to ensure we have students in the appropriate intervention.

October – NEEDS ASSESSMENT: Writing Proficiency is a must: reading and Writing across all content areas. While continuing to work on improving proficiency in reading and math.

November – PRIORITY NEEDS:

The administrative team met to review data from State testing, the TELL survey, our SEL survey, and student reading levels. After the administrative review, we reviewed with staff to determine our students' needs. We reviewed school KPREP results as a faculty, and reported the same to SBDM. Individual KPREP results for students and grade levels were deconstructed at grade level PLCs to determine any trends we may see, as well as identify students who need additional supports. Meetings were documented via sign in sheet at faculty meeting. This team meets in fall and spring, and as subject level groups quarterly. Once a clear picture is evident, we will meet with a core group of parents to get their input and see if anything needed to be added to what we saw as areas of focus. Our analysis of all of the data included looking for trends and populations where results were promising, as well as where there was either an overall need for improvement or a GAP need. The planning team meets three times per year to review data to determine needs, to review progress towards our goals, and to reflect on strides made.

December – ACTIVITIES DEVELOPMENT: Writing CSIP for the 2019-2020 School Year.

January thru August – ACTIVITIES MONITORING:

In reading, Achieve reports that our students are achieving above their expected growth. From November to December our students increase their Lexile scores by an average of 20 points. In our Tier III RTI for reading, 27 of our 55 students have improved reading by a full year, and 5 students have improved by two or more years.

According to PLC groups, all grade levels are now at two articles per week, increasing the fidelity of the implementation of Achieve 3000.

**Board Report**

Learned online testing tools. Found ways to use Achieve to help with online testing.

Teachers are using STAR to monitor student progress in reading as well. We have decreased our novice scores significantly at all grade levels in both math and reading. Expectations were raised on Accelerated Reader for students. Teachers now require an 80% for students to pass a test.

Formative assessment of student understanding is being done with Simple Solutions in math. Trudy Loudon is helping teachers to use the information to drive instruction.

Walkthroughs by administration show improvement in the Fundamental Five's framing the lesson and working the power zone. We are now adding the third component Small Group and purposeful talk.

Instructional Rounds was positive lots of great feedback.

**Trauma Team Report**

Sending daily birthday messages to students minus the birthday pencil.

Creating and organizing two lessons a week for SEL.

**School Safety Team Report**

Organized Reunification Kit.

Training on new machines.

Safety cleaning charts for the restrooms.

**Up-Coming Events**

SBDM Meeting August 19@4PM

Lunch Served Daily from 11-1PM

Using Little Libraries outside of the school for getting material to families.

Virtual Open House on August 24 from 4:30-7:00.

Computer Roll out for 5<sup>th</sup> grade in bus loop on August 24. 9-4.
