

Approval of Transportation Grade and Pay

- Bus driver trip pay – Proposal to increase trip driver pay from Grade 5, 0 years' experience to Grade 6 and years of experience. This will increase the bus driver trip pay rate from \$16.42 per hour to an average of \$22.87. This will also increase our annual field trip bus driver expenditure by approximately \$30,000.
- Bus driver Trainer Pay – Currently, the bus driver trainer is paid at a grade 6 when conducting bus driver training duties and at a grade 5 when working as a bus driver. The proposal is to pay all of the hours worked by the bus driver trainer (including those as bus driver) at grade 6 to compensate for the additional responsibility of the bus driver trainer. This proposal is estimated to cost an additional \$3,500 per fiscal year.
