

Assistant Superintendent/K-12 Chief Academic Officer
Board Report
May 2021

Personnel Letters: All non-renewal and reduction of pay letters have been hand delivered to necessary staff.

K Prep: The assessment window began on May 7th and we are in full swing with testing students this week at Cartmell, CCMS and CCHS. I've been very impressed with how well the building assessment coordinators, teachers, support staff and students have adapted to the new online assessment model.

Certified Evaluation Committee Update: We met on May 6th and we will meet again on May 24th to discuss needed revisions and additions to our current plan.

Teacher Certifications: I'm working with teachers who are working on provisional certifications and those who have certifications expiring soon to make sure everyone has everything up to date to make sure we don't get out of compliance on the LEAD report.

PLC Committee Update: Our committee is really moving along on getting common expectations, protocols and forms prepared to share with staff to gain consistency for the 2021-2022 school year. We are hoping to wrap the work up at our June meeting.

Professional Opportunities: I enjoyed participating in the KASS conference last week and I'm looking forward to attending KSBA this week and KASA in July.

It's hard to believe we are in the home stretch of this school year. It has been a challenging year, but we persevered through each challenge as a team and I think we learned a lot along the way. I'm looking forward to GREAT things happening in 2021-2022.
