

## *Approval of Stipend for Interim Director of Transportation*

Dianna Dunn currently has been receiving a stipend of \$200.00 per pay period while taking on the responsibilities of the Director of Transportation during the director's medical leave. A new Director has been hired and we would like to increase the stipend to \$500.00 per pay period for the remainder of the 2021-2022 school year. The increased stipend is due to her continuing the day to day duties of the director role while gradually releasing areas of responsibility to the new director.
