

Carroll County High School
Board Report
March 27, 2014

Spring is here and is always a very busy time at the high school. Spring sports have begun, Baseball, Softball, Track and Tennis. Our new courts have been wonderful for our Tennis matches. We have many other students also competing in events. We have students competing in STLP (Student Technology Leadership Program), several students placed at the Regional FBLA (Future Business Leaders of America) Conference and our Robotics Team went to Purdue University to compete. We have a team that will be competing in an Envirothon, where they will be addressing Agriculture and Environmental issues.

Seniors are receiving their acceptance letters from colleges and universities. Many are also being awarded scholarships. Most of our local scholarship winners will be recognized at our Academic Banquet in May.

This is the time of year for assessments. Juniors took the ACT on March 18. We do have four Juniors that will need to complete the test on the make up date. KOSSA testing and Work Keys testing are also going on in March for our students that are pursuing Career Readiness.

Scheduling has begun for next year. We have also had an 8th Grade night for incoming Freshmen to come to our building and to fill out their schedules for next year.

Upcoming Events:

- 3/26 Scheduling Conferences
- 3/26 SBDM Parent Elections
- 4/11 Track Meet
- 4/18 Prom
